All information gathered from NSW Transport ([Website](#)).

What?

Opal is a smartcard that you load value onto and pay as you go for use across all modes of public transport. Includes transportation via **train, bus, ferry** and **light rail**.

Simply tap on at the beginning of your trip and tap off at the end to be charged the correct fare. Your Opal card will calculate your fare including any transfers or breaks in your journey.

Single trip tickets must be tapped on and off like an Opal card to be valid. Once you break your trip or tap off, the ticket is no longer valid.
